*Answer	Gaerne	Of3	*SixSixOne
AXO	Lake	Pearl Izumi	Specialized
Carnac	Louis Garneau	Performance	Time
Diadora	Luck	Reebok	*Vittoria

\*See excepted models below

## COMPATIBLE SHOES REQUIRING ALTERNATIVE CLEAT INSTALLATION

**Answer XC-1 pre '07:** May require lugs to be trimmed to allow cleat to properly seat against sole.

**DMT:** May require lugs to be trimmed to allow cleat to properly seat against sole.

**Sidi SRS sole:** May require lugs to be trimmed to allow cleat to properly seat against sole.

**Vittoria:** May require lugs to be trimmed to allow cleat to properly seat against sole.

**SixSixOne Session SPD pre '07:** May require sole to be trimmed to allow cleat to properly seat.

## INCOMPATIBLE SHOES

**Airwalk Sprocket and Urban:** Larger sizes may have insufficient clearance with crank arm.

**Alpinestars pre '98:** Larger sizes may have insufficient clearance with crank arm.

**Cannondale:** Oversized toe box hits crank arm preventing release.

**Nike Inyo & Amasa:** Oversized toe box hits crank arm preventing release.

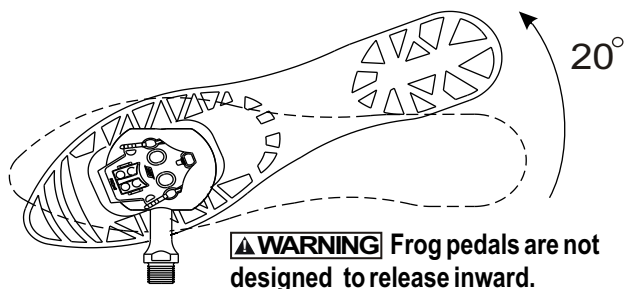

**Scott 360, Magic and 4 X 4 pre '07:** Oversized toe box hits crank arm preventing release.

**SPD-type sandals:** Oversized toe box hits crank arm preventing release.

**SPD-type boots:** Oversized toe box hits crank arm preventing release.

**SPD-type BMX / Freeride Flats:** Larger sizes may have insufficient clearance with crank arm.

**WARNING:** You may experience interference with the crank during release on shoes with a large toe-box area or extra large or wide sole shoes (size 14 and up), and therefore, these types of shoes are **INCOMPATIBLE** with the Frog Pedal System. For questions, please call the Speedplay Tech Dept. at 1-800-468-6694.

Replacement "Dog Bone" threaded inserts are available from Speedplay (Part #15005) for SPD shoes with factory inserts which have threaded portions that protrude beyond the surface of the sole.

**CAUTION** Only Speedplay's 5x9mm hex mounting screws will fit Frog Series cleats. Consequently, all other screws are incompatible.

Please visit the Speedplay website at [www.speedplay.com](http://www.speedplay.com) for the latest updates on shoe compatibility or call the Speedplay Tech Dept. at 1-800-468-6694 for specific mounting tips for any brand shoe.
